NOTES:

*Different Chemicals are used when washing with Ozone, some customers have seen reductions; for this analysis we choose not to calculate any savings for reduction in chemical usage.

**Laundry Rooms in the Southern US will have a slight reduction in drying time. In contrast, for the NYC metro area we do not anticipate any reduction in drying times.

***Washing with Ozone is gentler on Linen than conventional washing. In hospitalities the biggest linen replacement factor is theft. Ozone will not factor in linen replacement as much as theft.

¹HK Ozone Laundry System Rental includes Regular Maintenance and the price indicated in the chart above includes all costs for state and local sales tax.
